"a notch extending into said top end and forming a lip, said lip being spaced from said top end, said aperture being positioned nearer said bottom end than said top end, the aerosol can being positionable on and extending upwardly from said lip".

Further, the prior art fails to disclose or render obvious an aerosol can support and actuating device in combination with the other claimed limitations of claim 10:

"a notch extending into said top end and forming a lip that extends into a peripheral side of said pole, said lip being spaced from said top end and defining a ledge, the aerosol can being removably positioned on said ledge".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
